EDUCATION

Virginia Tech - B.S. Computer Science

Expected May 2028

Coursework: Data Structures (CS 2114), Computer Organization I (CS 2505), Problem Solving (CS 2104). **In progress:** Computer Organization II (CS 2506).

TECHNICAL SKILLS

Languages: Python, C, SQL, HTML/CSS

Libraries & frameworks: Flask, Pandas, NumPy, Matplotlib

Tools: Git, SQLite, Linux, Jupyter Notebook, Excel

EXPERIENCE

ValueLabs - Data Analyst Intern

Jun-Aug 2024

Hyderabad, India

- Developed Python scripts and SQL queries to clean and process **15,000+ clinical trial records** for post-radiotherapy oncology research.
- Created Excel dashboards and Matplotlib visualizations to summarize treatment trends for the clinical research team.
- Collaborated with the Voiant Clinical data science team on ingestion and preparation for predictive modeling.

Rava AI - Product Development Intern

Spring 2024

Hyderabad, India

- Prepared a Speechify case-study presentation analyzing target users, accessibility features, product offering, and subscription plans.
- Participated in startup meetings and followed the founder's workflow across product planning and business development.

Handshake AI - Fellowship

- Evaluate AI assistant responses for accuracy, completeness, and instruction following; document the reasoning behind quality assessments.

PROJECTS

Encryptron - File Processing Web App

Python, Flask, SQLite | GitHub

- Built a Flask learning project with file upload/download flows, in-memory processing, and ZIP compression.
- Implemented user authentication with salted password hashing and SQLite-backed file metadata and permission records.

Original Personal Portfolio Website

HTML, CSS, AWS Amplify, Route 53 | Website

- Built a responsive portfolio, deployed it on AWS Amplify, and configured a custom domain through Route 53.

LEADERSHIP

Ignite Hackathon - Event Coordinator

Sreenidhi International School

- Coordinated a team of **40** to organize the school's first **36-hour hackathon** for **250+ participants** and **20+ submitted projects**.
- Raised **\$4,500** in sponsorships and partnerships to fund event costs and prizes.
